

Being a Mentor

Are you interested in mentoring?

One of the aims of ATME is to provide its members with a mentor to personally guide movement artists and instructors through the steps to achieve their artistic and academic goals. Some of our ATME members are interested in seeking advanced movement training, finding a teaching position, or help and support through the tenure track process. If you are interested in sharing your expertise, please consider becoming a mentor. In order to pair you up with an mentee (an individual seeking a mentor) with similar interests, please copy, complete, and email the following form to:

Ken Elson, ATME Mentor Coordinator, kelston@gmu.edu
